The Poachers Inn, renowned in Dorset for its sumptuous 21-room accommodation, 17th Century restaurant and beautiful riverside garden.

Passionate about food

We are passionate about using the finest local ingredients with meat, fish, game, bread and cheeses from local suppliers.

Our wine list features wines from all over the world and our house wines are excellent quality and value. We always have 3 real ales available in addition to keg beers and lagers.

Relax

Something for everyone

We have a lovely pool which is heated as soon as the weather turns fine until around the end of September.

Set in a privately enclosed sun trap, you could be anywhere in the world!

Bed & breakfast

...with a difference

Separate from the main inn and restaurant and formed around a central courtyard, we have 21 sumptuous rooms.

The bedrooms are individually and stylishly decorated to a very high standard with modern furnishings and the comfiest beds - our rooms are like no others.
